

# MARSHALLTOWN GENERATING STATION

A highly efficient, cost-competitive, natural gas facility – provides clean energy and an economic boost to our customers and communities.

[alliantenergy.com/iowarates](http://alliantenergy.com/iowarates)

## EFFICIENT

Replaces **14 less efficient**, smaller and older generating units with the latest energy technology.

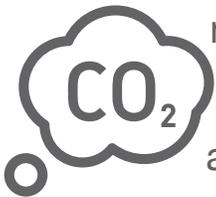

## CLEANER

Needs **90% less water supply** than replaced generation.

Will emit **less than half the carbon dioxide**, two-thirds less

nitrogen oxides and roughly 99% less sulfur dioxide and mercury than traditional coal-fired generation.

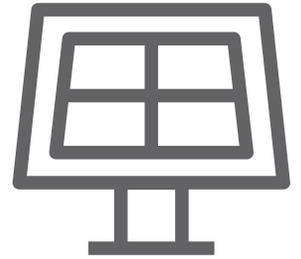

## DEPENDABLE

Powers **500,000** homes and businesses with reliable energy.

## FLEXIBLE

Adjusts up and down to respond to energy generated by renewable energy resources.

## COST-COMPETITIVE

Natural gas production has grown considerably, resulting in low natural gas prices for customers.

## ECONOMIC DEVELOPMENT

Created **800** construction jobs, and **30** permanent jobs and contributes significantly to the tax base.
